

Adding a Report to the Home Screen (Starred Reports)

Last Modified on 06/16/2023 1:04 pm EDT

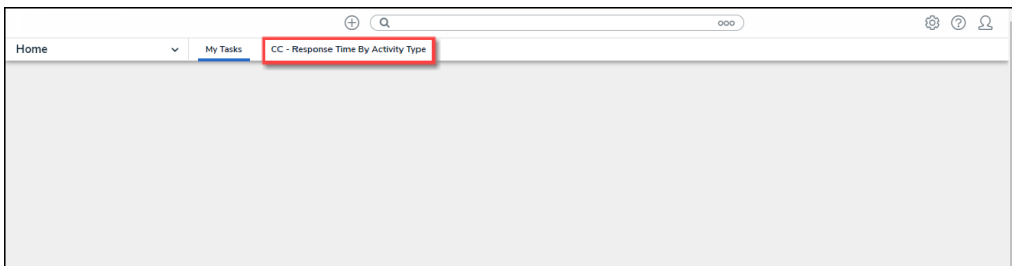

Overview

Users can favorite reports within the system by clicking the **Star** icon on the **Report** screens.

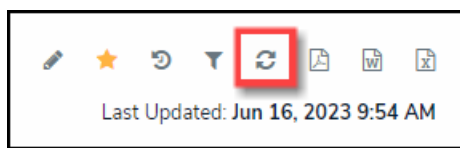

Star Icon

Starred Reports will appear in the **Tab** section on the user's **Home** screen, next to the **My Tasks** tab. The system uses the Report's name as the name of the Tab on the **Home** screen.

Starred Report Tab

Once a Starred report is opened, the report data is not updated. The data represents a snapshot of the report data. Click the **Refresh** icon to update the report data on the open report.

Navigation

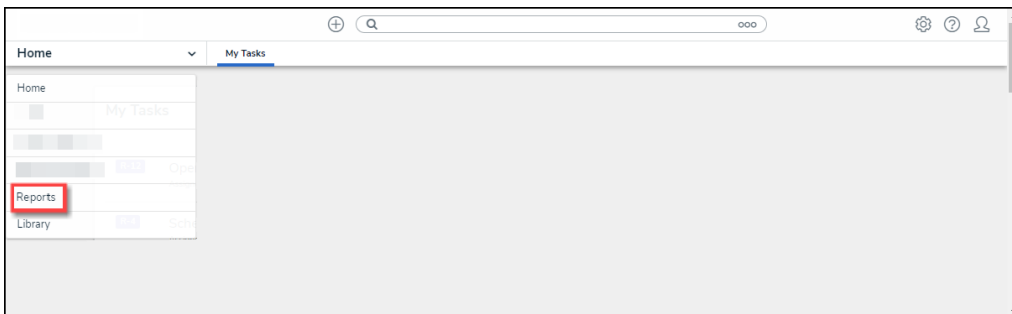

The Report types and Tab Labels will vary depending on the App you are currently logged into, and they may not reflect the exact Report types and Tab Labels reflected on your screen. For illustration purposes, we are using the Risk Management App. However, the navigation and functionality are the same for all Resolver Applications.

1. From the **Home** screen, click on the **Home** dropdown.

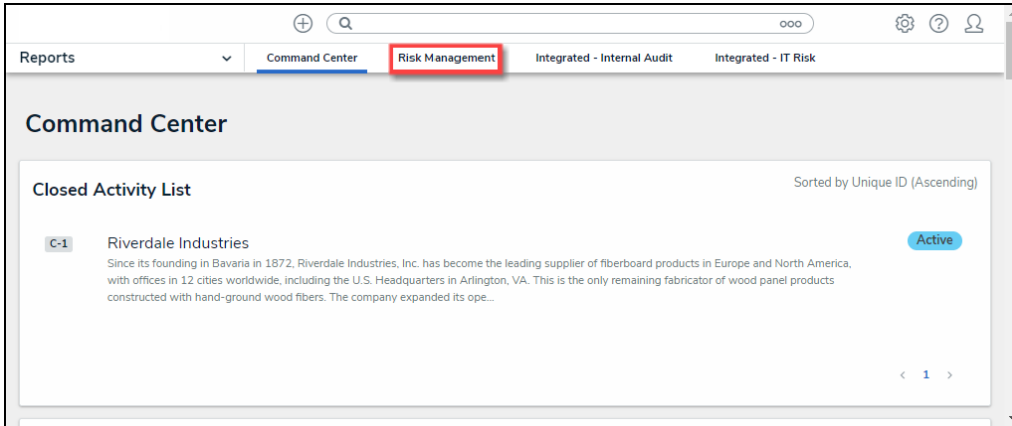

Home Dropdown

2. Click the **Reports** link from the **Home** dropdown menu.

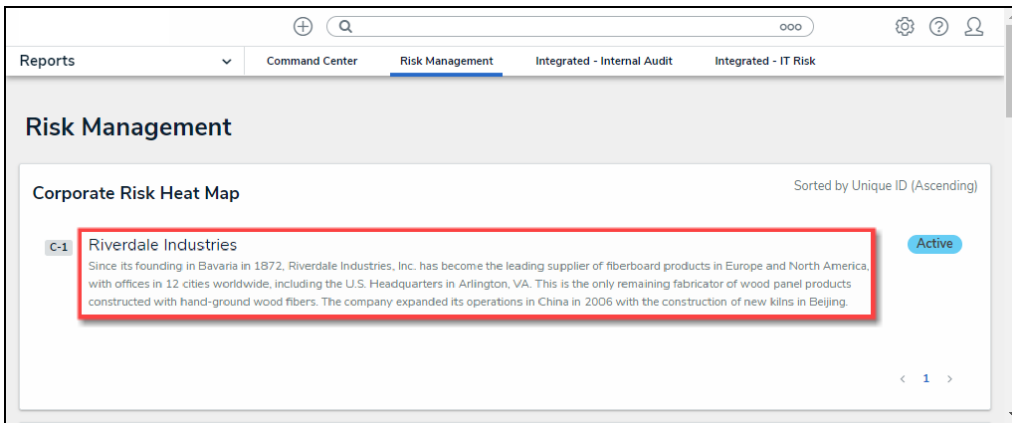

Reports Link

3. From the **Reports** screen, navigate to the type of Report you want to add to your **Home** screen by clicking the corresponding tab.

Reports Tab

4. From the **Select Reports** screen, click the report you want to add to your **Home** screen.
