

Compliance Management User Interface

By default, the homepage displays the [My Tasks](#) tab, which shows existing requirements, controls, issues, or corrective actions that require your attention. The column chart to the right of your tasks shows the objects' workflow states, such as **Review** or **Assess Risk**.

If you have other Resolver apps, you may see tasks from those apps in the **My Tasks** page.

At the top of each page is the **top bar** and **nav bar**.

The My Tasks page.

Top Bar

The following components are in the **top bar** on every page:

The top bar, which is displayed on every page.

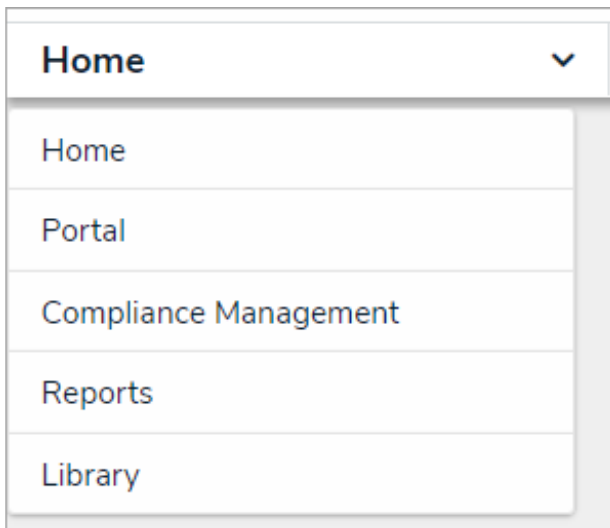

1. **Resolver or custom company logo:** Clicking the logo will return you to the **My Tasks** page.
2. **Quick Create:** Clicking the icon will open the **Quick Create** feature, which allows you to create objects, such as requirements or controls, outside of the app.
3. **Search:** Enter keywords to search for objects. Clicking the  icon allows you to search by object type, such as business unit, control, or requirement.

4. **Help:** Clicking the  icon will take you to the Resolver Knowledge Base, Terms of Service, or the Resolver Support site. Clicking this icon will also display your current version of the platform and your organization's [data region](#).

5. **User:** Clicking the  icon displays the name of the currently logged in user, as well as provides links to the **My Tasks** page and the **Logout** function.

Nav Bar

The **nav bar** contains a dropdown menu that displays links to the home page and all the applications your role has permission to view (if any). When working in the **Home** area of your organization (after logging in, clicking the **Home** link in the dropdown, or clicking the company logo in the top left of any page), the **My Tasks** tab and any starred reports tabs appear in the nav bar.

The nav bar. The options in the dropdown menu change depending on your user group.

Clicking the name of the application in the nav bar menu will display the application and its activities, which are displayed as clickable tabs. The tab for the first activity in the application is selected by default. To view more tabs (if any), click the  icon.

The screenshot displays the Resolver web application interface. At the top left is the Resolver logo. A navigation bar contains a search icon, a dropdown menu for 'Compliance Management', and several tabs: 'Determine Applicability' (which is selected and highlighted), 'Document Controls', 'Assess Risk', 'Remediation', 'Monitor', and 'Reports'. Below the navigation bar, the main content area is titled 'Compliance Management: Determine Applicability'. It features a sub-section 'Determine Applicability' with a button '+ LAUNCH COMPLIANCE ASSESSMENT'. Below this is a 'Review Control Self Assessment' section containing three rows of data:

Code	Activity Name	Year	Business Unit	Status
CCS-2	CSA 2019	2019	BUSINESS UNIT 1	In Progress
CCS-3	CSA 2018	2018	BUSINESS UNIT 2	In Progress
CCS-4	CSA 2018	2018 - Q1	BUSINESS UNIT 1	Not Started

At the bottom of the main content area is a section titled 'Applicability Assessment'.

The nav bar displaying the activities in a selected application. Applications are selected from the dropdown menu to the left and activities are opened by clicking the tabs.

Clicking an activity tab displays the landing page for the activity and not the last object or report you may have been working with.
