

View Your Compliance Frameworks

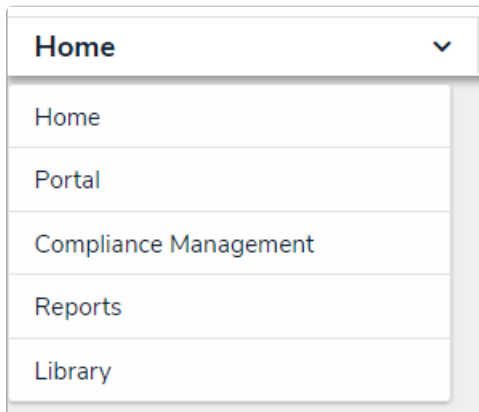

Last Modified on 05/07/2021 5:21 pm EDT

Manually editing Library items is not recommended. **Deleting items from the Library could cause irreparable damage to your app.** For assistance with editing or removing Library items, contact [Resolver Support](#).

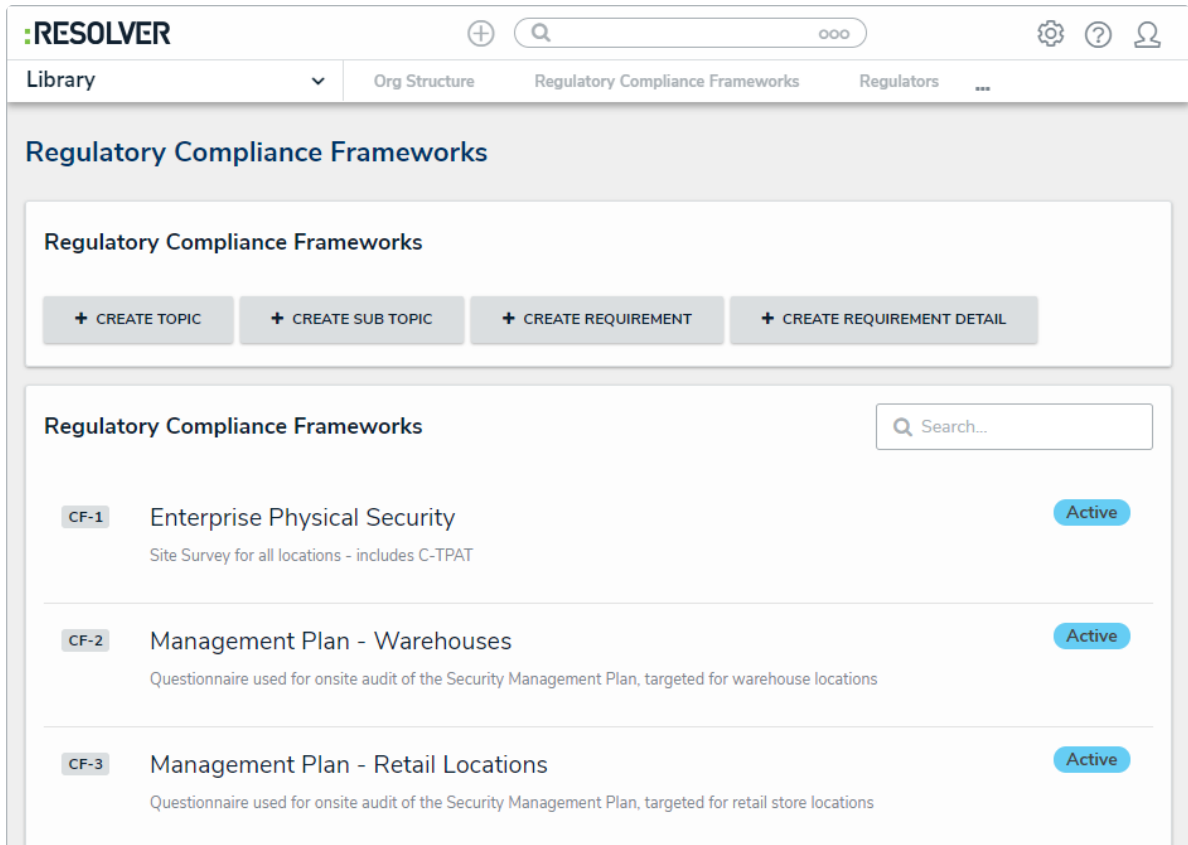

To view your Regulatory Compliance frameworks:

1. Log into a user account that's been added to the **Compliance Team** user group.
2. Click the dropdown in the nav bar > **Library** to display the **Regulatory Compliance Frameworks** activity.

The Library application in the nav bar

3. Click a framework to open. By default, it will open to the top-most level of the framework hierarchy.

The Regulatory Compliance Frameworks activity in the Library application.

- Click + next to a topic on the left side of the screen to expand the hierarchy. Click the name of a topic to view further details in the right panel of the screen.

Viewing a regulatory compliance framework.

- Optional:** In the **Acknowledge Regulatory Updates** section, click either **Regulatory Updates Report** or **Regulatory Updates Data Grid** to view all changes made to requirements attached to this framework and make any required edits, or **Review all Requirements** to view all requirements attached to this framework.
