

Corrective Action Owner & Delegate Overview

Corrective action owners and their delegates are responsible for reviewing and monitoring corrective actions that are assigned to them by the [Issue Owner](#) and the [Compliance Team](#). Corrective action owners receive an email when a corrective action requires their attention. Assigned corrective actions are accessible via the [Portal](#) or the [My Tasks](#) page (if an action is required).

The screenshot shows the 'Corrective Action Review' page in the RESOLVER application. The page header includes the RESOLVER logo, a search bar, and user profile icons. Below the header, there is a navigation bar with 'Applications' and a dropdown arrow. The main content area is titled 'Corrective Action Review' and features a large heading 'CA1' with a green 'CA-2' tag. Underneath, the section is titled 'Corrective Action Overview' and contains a descriptive paragraph: 'Document the corrective action required to resolve the documented issue. The documentation should include all steps involved in remediation and an expected completion date.' The form includes several input fields: 'Corrective Action Name' (containing 'CA1'), 'Description' (a large empty text area), 'Priority' (a dropdown menu with 'Select one...' selected), 'Expected Completion Date' (a date picker), and 'Actual Completion Date' (a date picker).
