

## Arranging the Panels

You can rearrange the panels on the home screen by dragging and dropping the panel in the location of your choosing. You can also select the **Floating**, **Dockable**, **Auto Hide**, or **Hide** options for by clicking the  icon in the top left of the panel or by right-clicking the title bar. If needed, you can open all panels in Dispatch (except for **Settings**) and arrange them on your home screen (dockable) or view them separately (floating).

To filter what information is displayed in a panel, click the  icon to the right of the panel. To show or hide columns in the **Dispatches**, **Officers**, **Closed Dispatch**, **Location**, **Alarms**, or **Organizations** panels, right-click a column and select or deselect the checkboxes that represent the columns.

To rename a panel, click the  icon in the top left of the panel or by right-clicking the title bar, then type a new name in the textbox.

*Additional options available on the panels.*

Any changes you make to your layout, including the filter and column settings, are saved to your account and are restored every time you log into Dispatch, even if it's on different computers. To return to the default layout, click your username at the top-right of the home screen, then click **Reset Layout**.
