

# Dispatch an Organization Overview

Last Modified on 10/01/2019 3:04 pm EDT

If a dispatch requires the assistance of an agency, such as the police, fire department, or paramedics, you can dispatch an organization. When an organization is dispatched, a non-specific organization task with a **Responding** status is created, where it can be reviewed in the **Details** panel and managed in the **Dispatches** or **Organizations** panels. Organization tasks will appear in the **Organization Responses** section of **Tasks** in the **Details** panel.

The screenshot shows a software interface window titled "Dispatches - Caissa Fischer". It contains a table with the following data:

Dispatch	Work Zone	Priority	Dispatch Status	RTA	Call Category	Location	Reported Time	Dispatcher	Organization Status
CF-18	King's Corner	Medium	On Route		Dangerous Condition	Benjamin I	7:56:02 AM	Thoran, Rand	Responding
CF-19	King's Corner	Low	On Scene		Property > Lost	Ramirez B	7:59:43 AM	Thoran, Rand	
CF-20	King's Corner	High	New	79.7% 0:03:59	Emergency Respons	Ramirez B	8:18:53 AM		

Below the table, there is a search bar containing the text "am". A dropdown menu is open, showing a search result for "Ambulance (5174)" with an ambulance icon. The interface also includes a "Dispatch Officer" button and an "Auto-Focus" button.

*Dispatching an organization from the Dispatches panel.*
