

Log In

Your dispatcher or Dispatch administrator must provide you with your organization's Core URL and password before you log in.

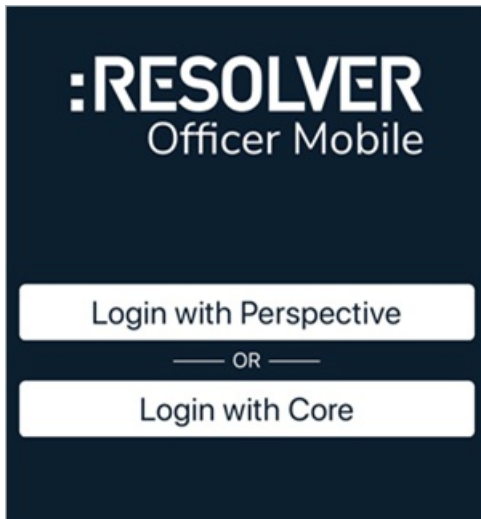

It's recommended that Officer Mobile users connect to the application using a mobile network instead of Wi-Fi to reduce the likelihood of signal disruptions.

Once logged in to Officer Mobile, you can log off through your [Profile](#) settings.

To log into Officer Mobile:

1. [Install](#) the **Officer Mobile** app.
2. Tap the  icon on your phone's home screen.
3. Tap **Login with Core**. If needed, you can access this screen again by tapping the  icon, then **Change Login Type**.

The Authentication Method screen.

4. Enter your organization's Core URL into the **Core URL** field, then tap the  icon to return to the Core login screen.

The Core URL field.

5. Tap the **Email Address** field, then enter your email address.
6. Tap the **Password** field, then enter your Core password.
7. Tap **Login**.

 **Login**
