

PDF Output Options (Report Logo & Header)

Last Modified on 06/13/2024 3:18 pm EDT

Overview

The **PDF Output Options** on a report allows you to configure a header and/or logo that will appear on reports exported into PDF files. Logos will appear at the top-left of the PDF file, and headers appear above any free form text and report elements.

An Example of a Report Exported Into a PDF With a Header and Logo

Note:

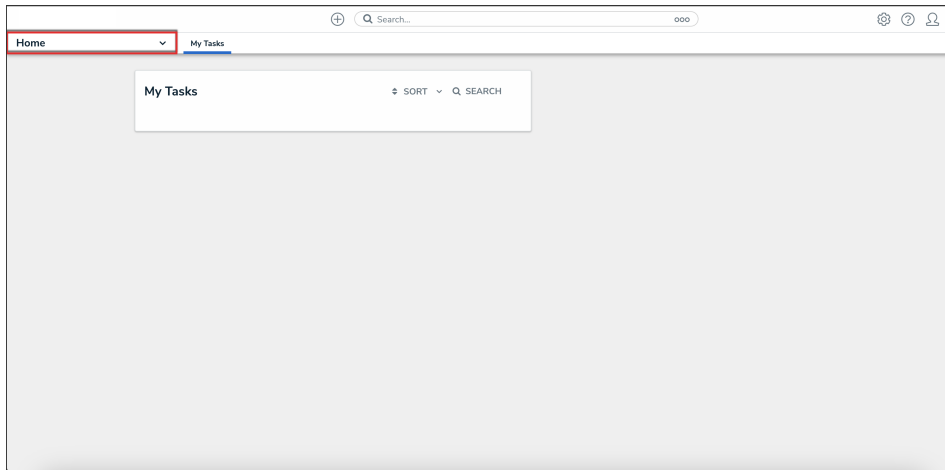

The **Footer** option is not currently functional and will be available in a future release.

Related Information/Setup

Please refer to the [Exporting a Report](#) article for more information on how to export a report as a PDF.

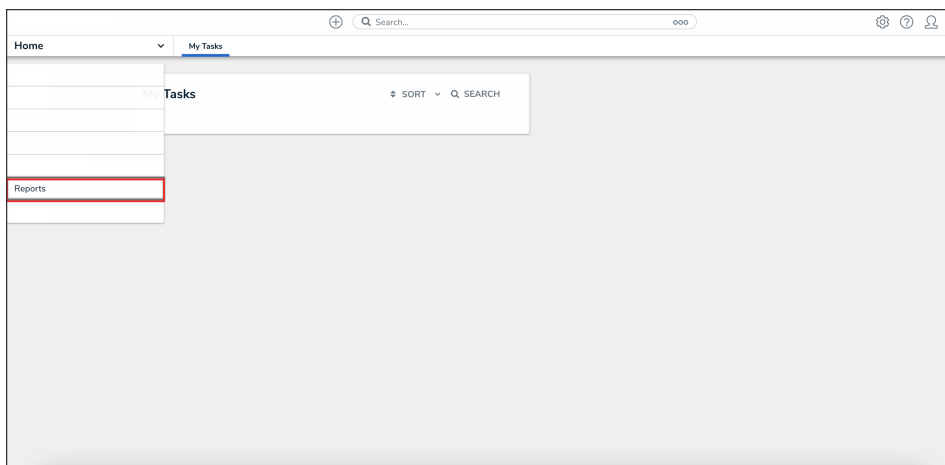

Navigation

1. From the **Home** screen, click the **Home** dropdown.

Home Dropdown

- From the **Home** dropdown, select the **Reports** application.

Reports Application

- From the list of reports, click the report that you want to export as a PDF.

Report Name

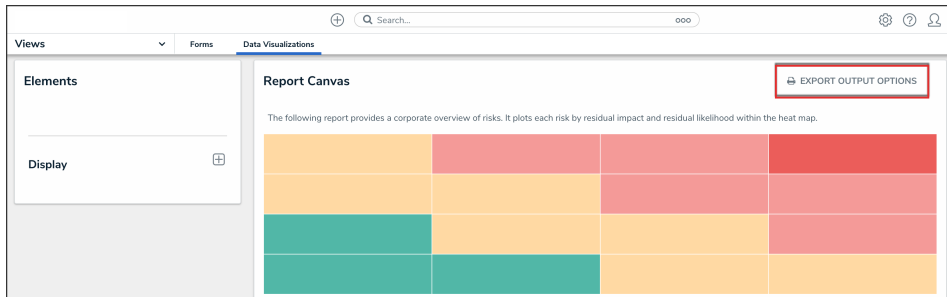

Configuring the Report Header and Logo on a PDF Export

- From the report you want to export as a PDF, click the **Edit Report Template** icon.

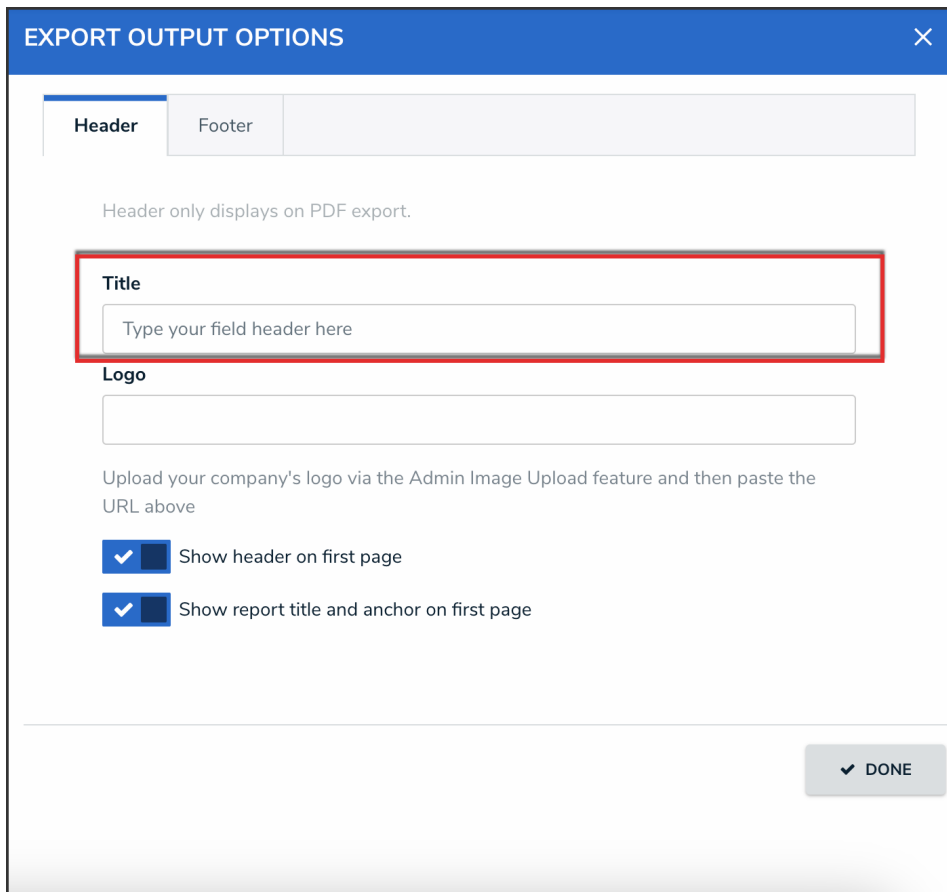

Edit Report Template Icon

2. Under the **Report Canvas** section, click the **Export Output Options** button.

Export Output Options Button

3. To include a header, enter text in the **Title** field.

Title Field

4. To include a logo, upload an image using the **Image Upload** tool, then paste the link in the **Logo** field. Logo images uploaded through the **Image Upload** tool are automatically

resized to fit within the header.
