

Add Report Actions to Forms

Last Modified on 04/22/2020 1:11 pm EDT

For more detailed information on this form action, see the [Open a Data Visualization Form Action](#) article in the **Resolver Core Administrator's Guide**.

To add a report action to a form:

1. Click the  icon in the top bar > **Configurable Forms** in the **Views** section.
2. Select **Risk Response Plan - Risk Team** to open the **Edit Configurable Form** page.
3. Drag and drop the **Open a data visualization** action to the **Form Canvas**.
4. Enter **Plan Report for Export** in the **Button Text** field.
5. Select **Risk Response Plan Report** from the **Data Visualization** dropdown menu.

The screenshot shows a modal window titled "Add Component" with a close button (X) in the top right corner. Inside the window, there are two sections: "Button Text" and "Data Visualization". The "Button Text" section has a text input field containing the text "Plan Report for Export". The "Data Visualization" section has a dropdown menu with "Risk Response Plan Report" selected. At the bottom of the window, there are two buttons: "SAVE" (highlighted in blue) and "CANCEL".

The Add Component window.

6. Click **Save**.
7. Repeat the above steps to add the report action to the **Risk Response Plan - Plan Owner** form.
