

Loss Event Owners Overview

Last Modified on 02/25/2025 2:30 pm EST

Loss event owners are responsible for submitting loss events to be triaged, determining the events' losses and recoveries, analyzing the root cause of the event, linking events to corrective actions, and submitting the events to the **Risk Team** for review. If need be, loss event owners can link events to risks they have been granted access to. Loss event owners are assigned by the [Risk Team](#).

Assigned events appear on the [My Tasks](#) page.

The screenshot shows the Resolver application interface. At the top, the Resolver logo is on the left, and navigation icons (plus, search, menu, settings, help, user) are on the right. Below the header, there are tabs for 'Home' and 'My Tasks', with 'My Tasks' selected. The main content area is divided into two panels. The left panel, titled 'My Tasks', has a 'SORT' dropdown and a 'SEARCH' input. It contains a list of five loss events, each with a unique ID, a description, an assignment date, and an 'OPEN' button. The right panel, titled 'Loss Event Workflow State', shows a horizontal bar chart with a value of 5 for the 'Open' state.

Loss Event ID	Description	Assigned to me on	Status
LE-2	Breach of Investment Restriction or Guideline	Sep 25th, 2020	OPEN
LE-15	Incorrect advisor charges	Sep 25th, 2020	OPEN
LE-18	IT – Failure (e.g., power, systems, infrastructure)	Sep 25th, 2020	OPEN
LE-9	Data/Software Licensing Error	Sep 25th, 2020	OPEN
LE-32	Trade Processing error	Sep 25th, 2020	OPEN
