

Important Notes About the Security Risk Management Guide

Last Modified on 02/27/2025 11:07 am EST

This guide is designed to help users plan and manage their organization's security solutions in Security Risk Management. These instructions are broken down based on the out-of-the-box [user groups](#). Depending on the settings applied to your profile, **you may not be able to edit certain settings and features referenced in this guide**. Speak to your Customer Success Manager for more information.

Additionally, the screenshots used and the applications, activities, object types, and other elements referred to are not specific to your organization, so your version of the user interface may differ.
