This article provides instructions for accessing existing URLs. See the [Create an Anonymous Login](#) article for instructions on creating and configuring new Anonymous Login URLs.

To access an existing Anonymous Login URL:

1. Click the  icon in the top bar > **Portal Settings** in the **Communications** section.
2. Click an existing URL from the list.

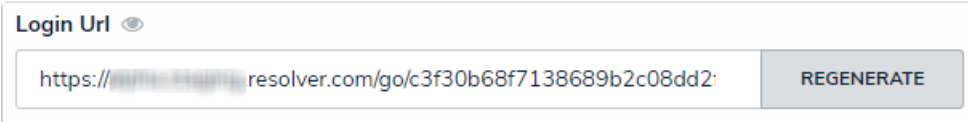

The screenshot shows the 'Admin Portal Settings' interface. At the top right, there is a button labeled '+ CREATE ANONYMOUS USER'. Below this, a list of existing anonymous login URLs is displayed, each with a horizontal line underneath it. The list includes:

- Sample Landing Page
- Anonymous Submission - Loss Events
- Anonymous Submission - Intake
- Anonymous Submission - Incident
- Anonymous Submission - Mobile
- Pendo Walkthrough - Anonymous
- Data Subject Access Request
Leveraged by the data subject access request submitter
- Hotline Agent Submission

Existing Anonymous Logins.

3. Select and copy the link in the **Login Url** field to your clipboard, then paste it into an email or document.

The screenshot shows a 'Login Url' field with an eye icon. The field contains the URL: `https://[redacted]resolver.com/go/c3f30b68f7138689b2c08dd2`. To the right of the field is a button labeled 'REGENERATE'.

The Login Url field.

Editing the fields of an existing anonymous login will require a new **Login Url** link to be generated.
