Delete a Launched Assessment Type

Last Modified on 04/20/2021 12:05 pm EDT

Deleting an assessment type will also delete all objects and instances associated with the assessment. To delete an assessment type, you must have:

- Administrative privileges enabled on your user account; and
- The assessment type added to your role with Delete permissions enabled for all states for the assessment type and object types included in the assessment **OR** All Access enabled on your user account.

To delete an individual assessment object and its instances, see the Delete a Launched Assessment Object article. To delete an assessment that has not yet been launched, see Edit or Delete an Assessment.

To delete a launched assessment type:

1. Click the ⚙ icon in the top bar **> Assessments** in the **Data Model** section.
2. Click the assessment or enter the name of the assessment in the **Search** field, then click it to display the **Edit Assessment** page.
3. Click **Delete All** at the top-right of the page to the **Confirm Delete** screen.

The Delete All option on the Edit Assessment page.

> ℹ If **Delete All** is not visible, ensure your account has admin privileges. Additionally, Delete permissions must be enabled on your role for all the assessment workflow states **OR** All Access must be enabled on your account.

4. Type **yes** in the text field (not case-sensitive), then click **Delete ALL**.

> ⚠ Deleting an assessment will delete **all** its objects and instances. Referenced objects mapped to the assessment are not deleted.
