

Configure Export Attachments

Last Modified on 09/07/2021 1:31 pm EDT

Attachments are the data series, fields, and relationships of a report that users can export. To ensure that only the most relevant information is exported, administrators can determine which elements of the report can become attachments.

To configure a report's export attachments:

1. Click the  icon in the top bar > **Data Visualizations** in the **Views** section.
2. Click the report you wish to configure the exports for or enter its name in the **Search** field, then click it to open the **Edit Report** page.

The Admin: Edit Report page.

3. Click **Configure Attachments** under **Export Attachments** to open the **Add Attachment Export** palette.

ADD ATTACHMENT EXPORT ✕
