

# Retrieve User ID

Last Modified on 08/23/2022 12:28 am EDT

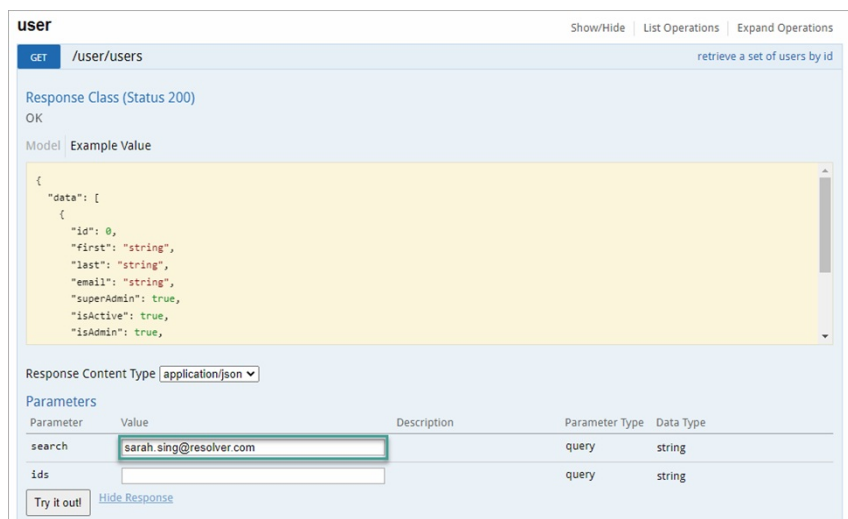

Get user id often utilized for multi-factor authentication (MFA) user reset

## To retrieve a user ID:

1. Click the  icon in the top bar > **Swagger Docs** in the **Tools** section.

2. Click on any of the topics to open the API in a new browser tab.
3. From the **user** section, click **Get /user/users** to open the parameters.
4. In the search field, input *the user's email address*.

5. Click Try it out!
6. In the **Response Body** section, locate the User ID next to **"id:"**

Response Body

```
{
  "data": [
    {
