Version 23.3ab Release Notes (Internal Audit Management)

Improvements

- Ovals were enabled for Formulas on the Third-Party Assessment – Third-Party Contact – Consolidation form.

- We redesigned the Test – GRC – 1 – Create Form by:
    - Form sections separate by Card.
    - Increased the size of the Details section to 75%.

- We redesigned the Test – IA – Testing Working Papers Form by:
    - The Custom Name was removed, and the Object Name was enabled.
    - Form sections separate by Card.
    - Increased the size of the Details section to 75%.
    - The Relationship Data tab was added to the Form.
    - The Test name was removed from the Form name.

- We replaced the word Dashboard on the IA – Audit Project Dashboard report with Overview.

- Formula Ovals were enabled on all IA Forms.

- We removed the word Dashboard on all the Report and Portal views to Overview.
