

Disabling/Enabling the Report Export Feature

Last Modified on 06/13/2024 1:36 pm EDT

Overview

Administrators can disable the Exports feature for a report. Disabling this feature will remove the Word, Excel, PDF export icons within a report. By default, this feature is enabled, allowing users to export reports using the export icons.

User Account Requirements

The user account used to log into Resolver must have Administrator permission to access the Data Visualizations feature.

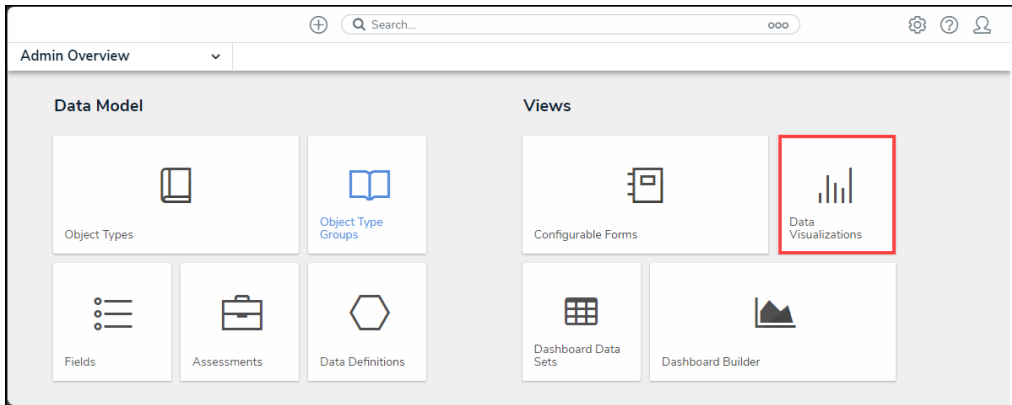

Navigation

1. From the **Home** screen, click on the **Administration** icon.

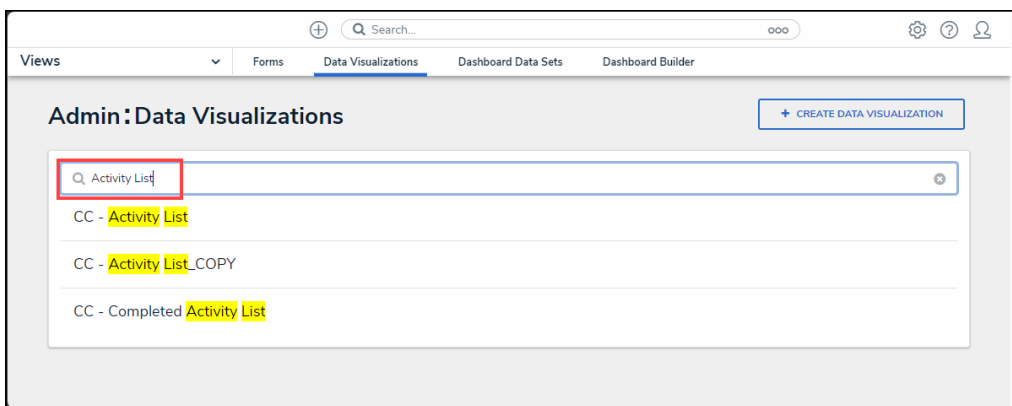

Administration Icon

2. From the **Admin: Overview** screen, click the **Data Visualizations** tile under the **Views** section.
