

Enabling AI-Generated Regulatory Summarization On an Org

Last Modified on 11/06/2025 4:03 pm EST

Overview

AI-Generated Regulatory Summarization uses AI/ML to summarize regulation statements, making them easier for users to interpret and understand.

From the **Feature Access** screen, Administrators and Settings Management advanced permission users can self-enable **AI-Generated Regulatory Summarization** on their Orgs.

User Account Requirements

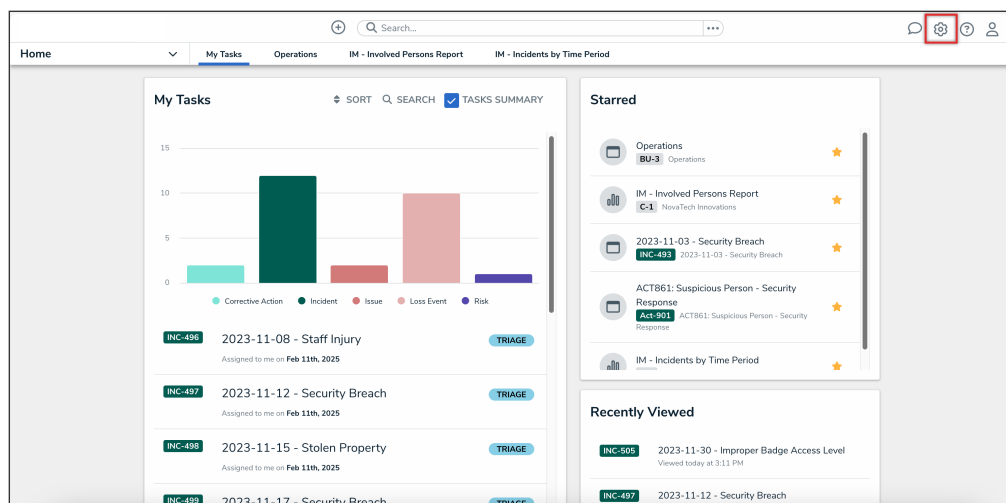

The user must have Administrator or Settings Management advanced permissions to access the **Feature Access** screen.

Related Information/Setup

For further information on adding **Regulatory Summarization** to a form, please refer to the [Adding the AI-Generated Regulatory Summarization Feature to a Form](#) article.

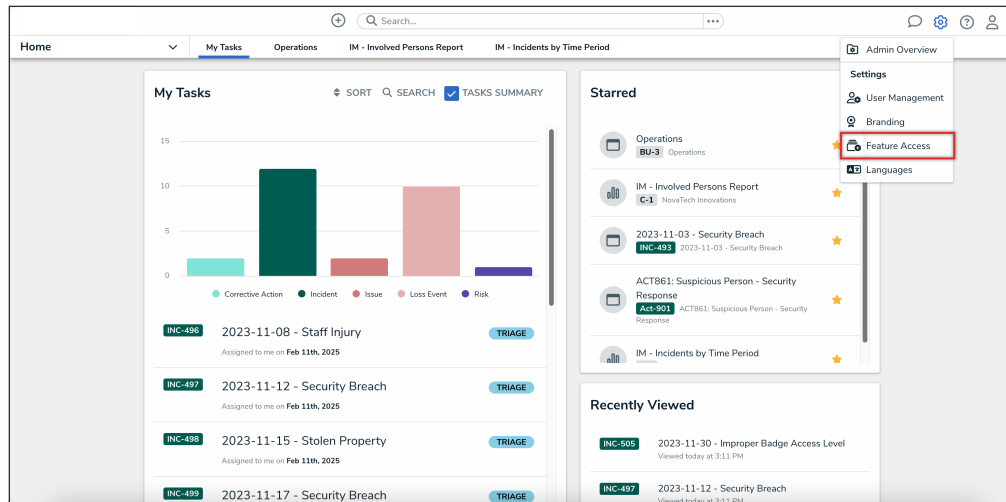

Navigation

1. From the **Home** screen, click the **Administration** icon.

Administration Icon

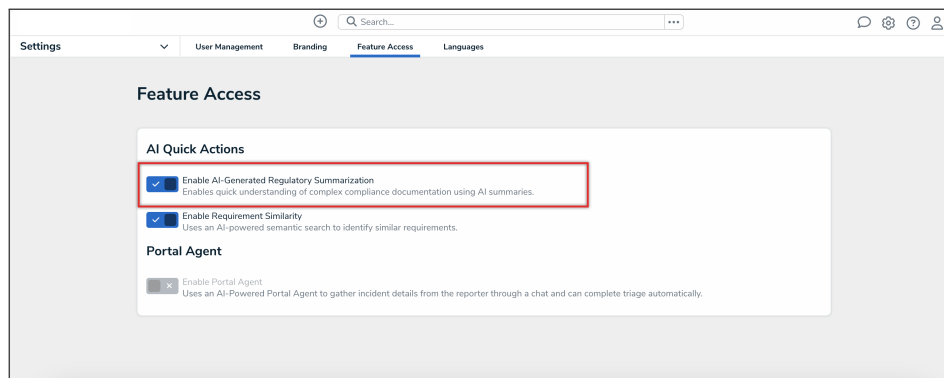

2. From the **Administrator Settings** menu, click the **Feature Access** link.

Administrator Settings Menu

Enabling Regulatory Summarization on an Org

1. From the **Feature Access** screen, click the **Enable AI-Generated Regulatory Summarization** toggle switch to turn it on.

Enable AI-Generated Regulatory Summarization Toggle Switch

2. Read the **Disclaimer**, and then press the **Accept** button to accept the terms and conditions.

Disclaimer

Please review this decision carefully before proceeding. By enabling this Regulatory Summarization AI feature ("Regulatory Summarization"), the administrator acknowledges and agrees that:

1. Use of Regulatory Summarization by the Customer and its users shall be subject to Resolver's Use of AI Tools In Our Products and Services policy set forth at [Resolver's Use of AI Tools In Our Products and Services | Resolver](#) . The administrator acknowledges responsibility for reviewing and ensuring compliance with this policy on behalf of the Customer and its users.
2. You are aware that your data might be processed in a region other than the one you initially selected during account setup. By signing up, you consent to this potential regional data processing.
3. Regulatory Summarization will be accessible to the Customer and all of its users that are accessing Resolver's software.
4. The Regulatory Summarization feature may process data to provide its functionality. It is the Customer and its users responsibility to ensure the data shared aligns with the prevailing agreement between Resolver and the Customer and in accordance with the law.
5. It is the administrator's responsibility to inform and guide users about the appropriate use of the Regulatory Summarization.
