

# **Enabling the Requirement Similarity Feature on an Org**

Last Modified on 09/16/2025 4:05 pm EDT

#### **Overview**

From the *Feature Access* screen, Administrators and Settings Management advanced permission users can self-enable the Requirement Similarity feature on their Orgs.

#### **User Account Requirements**

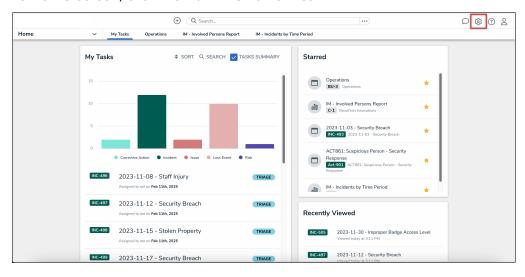

The user must have Administrator or Settings Management advanced permissions to access the *Feature Access* screen.

### **Related Information/Setup**

For further information on adding the Requirement Similarity feature to a form, please refer to the Adding the Requirement Similarity Feature to a Form article.

#### **Navigation**

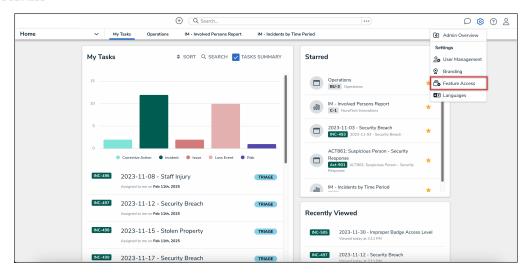

1. From the *Home* screen, click the **Administration** icon.

Administration Icon

2. From the Administrator Settings menu, click the Feature Access link.

Administrator Settings Menu

## **Enabling the Requirement Similarity Feature on an Org**

 From the *Feature Access* screen, click the **Enable Requirement Similarity** toggle switch to turn it on.

Enable Requirement Similarity Toggle Switch

2. Read the **Disclaimer**, and then press the **Accept** button to accept the terms and conditions.

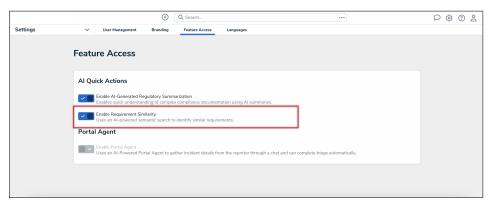

Disclaimer - Accept Button

## Disabling the Requirement Similarity Feature on an Org

 From the *Feature Access* screen, click the **Enable Requirement Similarity** toggle switch to turn it off.

Enable Requirement Similarity Toggle Switch

2. From the *Disable Requirement Similarity?* pop-up, click the **Disable** button.

Disable Button

#### Warning:

When you click the **Disable** button, the Requirement Similarity feature will be disabled on all forms and cannot be re-enabled for one hour.
